

Video Wall Lift System with Two 55" Displays (VWL55-2)

System Includes:

- Two Commercial 55" HD (4k) Displays
- Ultra-Narrow Bezel (3.5mm) w/Gap Reduction
- Auto Electric Lift Mounting System with Silent Motor.
- Weatherproof Electronic Input Panel (AC Power)
- HDMI (2)/DP/DVD-D/USB/RS232C/RJ45/Audio/IR
- Power Conditioner Surge Protector
- Heavy-Duty Aluminum Transit Case w/ 2 Wheels

Multiple systems can be scaled for extra-wide video wall

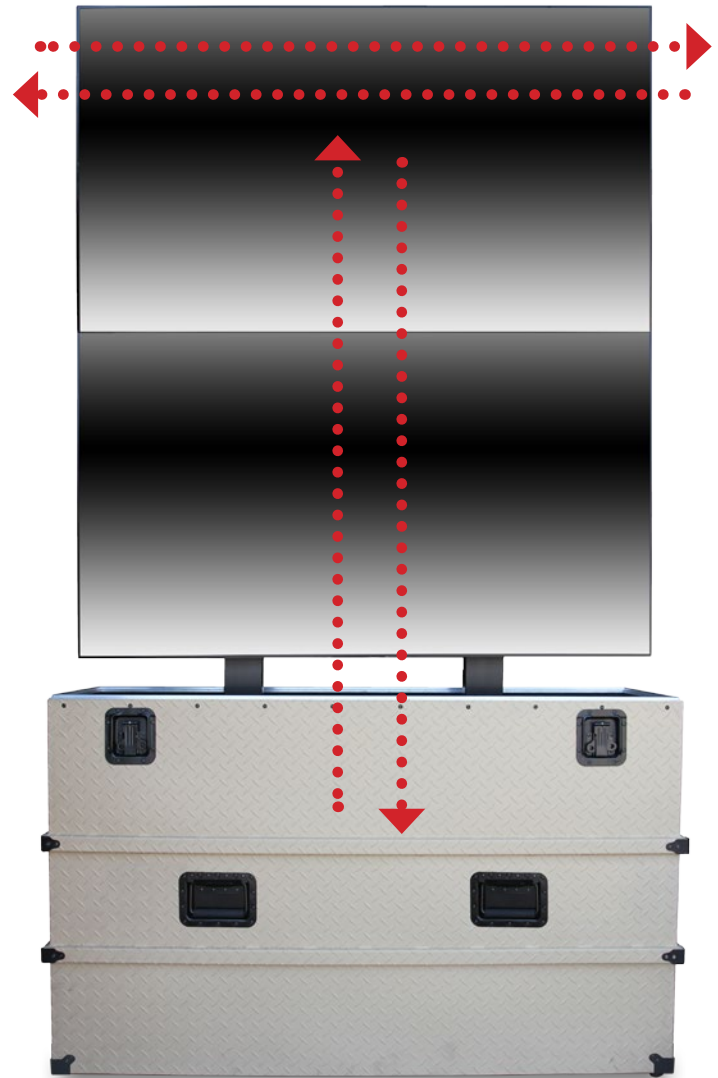

This extra heavy-duty lift system with commercial display sets up in no time... just pop the top, move the top monitor into position, and push the UP button. Large heat sinks dissipate heat.

System includes the RS-232 protocol for responsive screen commands.

Size: 58.5" L x 20" D x 38.5" H (closed)
58.5" L x 20" D x 106" H (deployed)

Weight: 273 lbs

This expandable video wall system is designed for users who require display flexibility while demanding rugged reliability and dependable 24/7 performance.

Heavy-duty aluminum case features wrap-around torsion stabilizers, recessed flip-out padded handles and two end-unit wheels for portability.

- Lift raises and lowers both displays at the touch of a button.
- Extra outlets provide convenient power for additional accessories and/or devices.
- Two (2) easily accessible HDMI ports for sources.
